

## Richina joins the London Chamber of Commerce (19 Feb 2010).

Having had some discussions with the LCC, Richina has become a member. The benefits we see of LCC Membership are quite diverse from finding local businesses interested in trading with China to introducing Chinese businesses to contacts in the UK.

The facilities offered by the LCC are 1<sup>st</sup> Class giving Richina the opportunity to become involved in a worldwide network of companies of all sizes. We hope that this is the beginning of a long and satisfying relationship.
